

BEFORE THE FEDERAL ELECTION COMMISSION

MUR 4648

RESPONSE TO ORDER TO SUBMIT WRITTEN ANSWERS

This will respond to the questions submitted to me:

a) I used the \$5,000 for both election day activities to support our state and local candidates in 1994 and to pay for costs involved in a recount the next day for the state's Attorney General's race. I bought food which we made and distributed to our volunteers and other election officials on Election Day as they worked the polls or our turnout efforts. We did this for both coffee and donuts in the morning and fried chicken box lunches later in the day. We fed at least 200 people and our policy was to give the food to both the Republicans and Democrats and also the police on duty. I also gave money to about 40 to 50 people on Election Day 1994. These people were the volunteers of the Kings County Republican Committee who were either going door-to door to turn out the vote for state and local candidates on Election Day or were standing outside the polls handing out their literature on Election Day. This money was to help cover their meal costs on that day. On the day after the 1994 election, we started the Vacco recount and we paid the meal costs for about 15 to 20 people for the two days that recount took.

b) I did not give any individual \$100 or more

c) Not applicable

I swear that the proceeding statements are true to the best of my knowledge, information or belief.
